

KNOW YOUR RIGHTS IN THE DIGITAL ENVIRONMENT

The UN Committee on the Rights of the Child has just said...

"YOUR RIGHTS APPLY IN THE DIGITAL WORLD"

YOU HAVE THE RIGHT TO PRIVACY

Digital services should not take your personal information and use it in ways that are unfair or unjust, or allow others to use your information in ways that don't benefit you.

Digital technology can help you access services, but it must be accurate and not undermine your other rights.

YOU HAVE A RIGHT TO HEALTH, EDUCATION AND JUSTICE

YOU HAVE THE RIGHT TO PARTICIPATE

Digital services should not be used to stop you saying what you think (so long as it does not hurt others) or joining others to make a better world.

Information online should be true, clear and understandable to you - in a language you speak.

YOU HAVE THE RIGHT TO INFORMATION

YOU HAVE A RIGHT TO PLAY AND REST

Playing online should not mean that you are targeted to do or buy things that make money for others. It should be fun and appropriate to your age. All digital services should be designed to 'give you a break'.

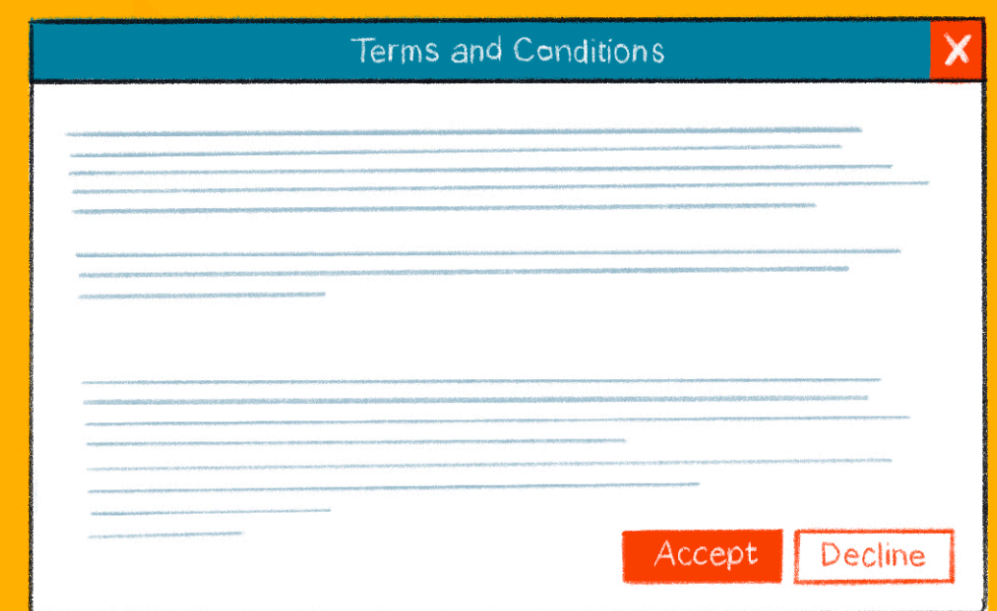

YOU HAVE THE RIGHT TO BE SAFE

You should not be sent pictures, videos and messages that harm you or suggest that you harm yourself. You should be protected from anyone who contacts you who may harm you in real life.

YOU HAVE THE RIGHT NOT TO BE EXPLOITED

Digital services must not target you with advertising, selling your information or allowing others to do so. You must be protected from violence of all sorts.

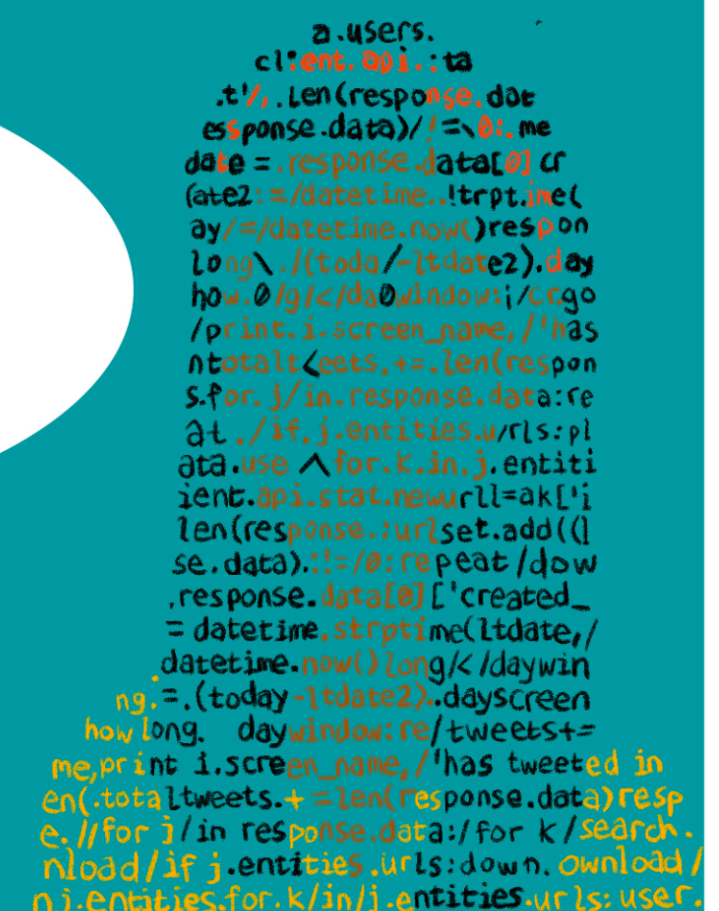

YOU HAVE THE RIGHT TO BE HEARD

You should be consulted on things that make a difference in your life.

MOST OF ALL, YOU HAVE THE RIGHT TO BE YOU

Digital technology must not nudge, guess or tell others what you are thinking and feeling - that's for you to decide.

And your rights apply whomever you are, wherever you live, whatever your shape, age, gender, religion, race or beliefs.
